Subject: Electron - missing photos

Hi: As I mentioned, I am in the process of requesting missing photos that are referenced in many of the emails downloaded from the FTP site. Just to double check with you, all of the information we received from the Corps is in the Electron folder, correct? While we have been compiling supporting documentation of the 404 potential violations, Yvonne, Charissa and I have not found many photos and/or videos. Asking this question because it seems you have spent a fair amount of time reviewing documents etc.
